

Worksheet 5 – Seating Sections at the Ballpark, Part 1

The table below shows the area of different seating sections at the ballpark. Look at the sections on the handout (next page) and then complete the table.

Section	# of squares inside
A	
B	
C	
D	
E	
F	
G	
H	
Field	

- How many square units are Section A and Section G total?
- There are a lot of ways to find out how many squares are on the field. Describe the method you used. Can you think of another way to find the answer?
- Which section is 8 square units larger than section F?
- If each unit square was 2 on each side, how many square feet would Section E be?
- If each unit square was 3 meters on each side, how many square meters would Section H be?
